No formal meeting occurred due to lack of attendance of committee members. Mr. D'Angelo reported he attended the TOS Anti-Bias Task Force Committee meeting and will try to get on their agenda to discuss issues in Hampton Bays. He also reported he attended the East Quogue Village Exploration Committee Informational meeting. The attendees informally discussed some of the pros and cons to a Village government. The attendees informally discussed various issues that have been raised and not yet addressed by the Town Board including the substandard quality of the drinking water, the overuse and limited well testing at the Hampton Bays Transfer Station, the purchase of the Bel-Aire Motel for redevelopment, the disproportionate residential density in Hampton Bays and the lack of code enforcement leadership with the resignation of Steven Troyd and the failure of the TOS to enforce the occupancy laws.
